10th March 2021

Dear Parent and Carer,

Blencathra Trip - May 2021

Unfortunately, the residential visit to Blencathra field studies centre in the Lake District has been postponed, in order to maximise the chance of us attending this field trip. The visit will now be 15th-17th September 2021. By this point, hopefully life will be a bit more back to normal.

We know the students have been looking forward to the residential experience. The activities they will carry out on the visit will be relevant to their GCSE courses, for example, systematic plant sampling is one of the required practical experiments that form part of this course.

You need take no further action at this point. However, if you have an outstanding balance, we will contact you separately to confirm how much this is and when the payment will be due.

We will be in contact again with the final details for the residential trip before the summer holidays.

Thank you for your patience in the lead up to this visit, it will be worth it for the students in the end!

Yours sincerely,

John Lindley

Head of Faculty, Science and PE
