25th January 2022

Dear Parents & Carers

We have been able to have all year groups in school today by utilising staff to cover across both schools where we have had staff absence. Unfortunately given the number of staff who have notified us of positive cases and those still out isolating, we will be unable to have all year groups in school tomorrow. Therefore, we have taken the following decision:

Year 8 students will work remotely Wednesday 26th January and return to school on Thursday.

Work will be set by subject teachers and uploaded to Arbor or Microsoft Teams.

We are trying to minimise the time any year group works remotely as much as we possibly can and will continue, wherever possible, to give parents as much advance notice as we can to allow you to arrange childcare where necessary.

We apologise for the inconvenience this causes.

Thank you as ever for your continuing support.

Kind regards

Tim Marston
