

Dear Parents and Carers

You will be aware that, as a part of your child's educational experience at The Roundhill Academy, we aim to promote personal wellbeing and development through a comprehensive taught programme of Personal Development (PD) education. This gives children and young people the knowledge, understanding, attitudes and practical skills to live healthy, safe, productive and fulfilled lives, both now and in the future.

The Year 11 Personal Development programme covers three main areas: Health and Wellbeing, Relationships and Living in the Wider World. This term will focus on the Health and Wellbeing aspect of the programme. We will be covering the following topics in lessons:

- Recognising mental ill-health and when to get help
- Healthy and unhealthy strategies for coping with emotional difficulties
- Different types of contraception and consequences of unprotected sex
- Fertility and routes to parenthood
- Pregnancy outcomes and choices

To support your child with their learning it would be beneficial to discuss these topics at home. If there is anything you would like the school to be aware of that you haven't previously informed the school about then please don't hesitate to contact myself or the relevant Head of Year.

Thank you very much for your support.

Yours sincerely

Daniel Robinson
Head of Personal Development
