Purpose of the policy

This policy confirms that The Roundhill Academy reserves the right to exercise discretion whether to allow food and drink in the examination room, and confirms:

- the correct procedures are followed regarding food and drink in the examination room
- appropriate arrangements are in place for the management of food and drink in the examination room

1. Food and drink in the examination room

- Only water is allowed to be taken into the examination room.
Any flavoured water must be clear.
No food of any description will be allowed in the examination room (ICE 18.2)
- Any water brought into the examination room, whether by the candidate or the centre must be free from labels (ICE 18.2)

Drink bottles must be transparent with all labels removed which would include transparent, reusable plastic bottles (ICE 18.2)

The following arrangements are applied at The Roundhill Academy:

No food is allowed of any description. Water (clear flavoured water) is allowed in a clear container without any labels. The exception to this is for diabetic candidates who are permitted to bring suitable snacks in a clear plastic bag to be handed to the invigilator at the start of the examination. The snacks may be taken under supervision outside of the examination room if the candidate has a sugar low.

Additional centre-specific arrangements:

Water bottles and containers must be kept on the floor to avoid spillages and the risk of spoiling an exam paper.
